Harry Potter's World: Renaissance Science, Magic and Medicine

In 1997, British author J.K. Rowling introduced the world to Harry Potter and a literary phenomenon was born. The magic in the Harry Potter books is partially based on Renaissance traditions which played an important role in the development of Western science and medicine. On display March 22 to May 1.

COMPUTER TUTOR — For anyone needing assistance with the computers, staff will be available weekday mornings on the 2nd floor for help. Stop in between 9:00 and 11:00 or make an appointment at the reference desk. Tuesdays and Thursdays feature classes for the beginning computer user.

HOURS: Mon-Thurs 9:00 a.m.-9:00 p.m., Fri-Sat 9:00 a.m.-6:00 p.m. **PS=Pre-school EL=Elementary YA=Teen AD=Adult ALL=All**

March 2010 Events Information

Sessions are listed with suggested audience and/or age of participants.

Most sessions do not require registration unless specified. Please check with the Reference Staff if you are interested in our computer classes.

Aunt Bea's Reading & Quilting Circle

Bring your own thimble and come learn the art of hand-quilting while listening to a reading of Foote's 'Civil War' books. If you miss a session, you already know how the war ends! Finished quilted products will benefit the library. Adults.

Baby Time

Bounces, stories, and manipulatives for baby and parent or caregiver. The last Wednesday of each month a play session is held. Regular Wednesdays at 10:30 a.m. Infants up to 2 years.

Bitten Book Club

If you can't get enough of urban fantasies like the *Twilight* series, we have a book club for you! Drop in & chat about your favorite books & meet readers with similar interests. Adult /teen.

Computer Tutor

We are available weekday mornings for one-on-one assistance to help you with your computer needs. Stop in from 9:00 to 11:00 a.m. or make an appointment at the Reference Desk. Tuesdays and Thursdays feature beginner computer instruction. Come learn how to make an e-mail account, what Facebook is all about, or bring your digital camera for a quick lesson. Computers will be open only for those doing things like typing resumes, online bills, computer tutorials, etc., not for general internet surfing. Adults.

Egg Hunt

Our annual egg hunt for kids on the west lawn. Ages 3-6.

SPRING BREAK WEEK

We have programs all week while the kids are out of school. Ask at the Youth Service Desk for more information. Elementary and/or Teens.

MONDAY—Lego Mania!

TUESDAY—Movie: *Hotel for Dogs*

WEDNESDAY—St. Patrick's Day Story & Craft

THURSDAY—Movie: *Up*

FRIDAY—Wii Games Tournament

Story Time

Children accompanied by their parent or caregiver can enjoy stories, fingerplays, and songs. The last Wednesday of each month a craft session is held. Ages 3-6.

Teen Mystery Night

For those who love a good mystery, a chance to share favorite books and play Clue.

Tuesday Night Knitting

Come sit and knit with our TiNKers! Our 'Tuesday Night Knitters' invite you to join us no matter what you're working on! Crochet away! Or bring in that cross stitch project & sit and stitch with us! Teens and adults.

Wii Games

Show off your skills and come play video games with your pals. Bring a friend and try out Beatles Rock Band, Mario Party 8, Wii Sports Resort, and more. Elementary and/or Teens.

Harry Potter's World: Renaissance Science, Magic, and Medicine

In 1997, British author J.K. Rowling introduced the world to Harry Potter and a literary phenomenon was born. Millions of readers have followed Harry to the Hogwarts School of Witchcraft and Wizardry where he discovers his heritage, encounters new plants and animals, and perfects his magical abilities. Although a fantasy story, the magic in the Harry Potter books is partially based on Renaissance traditions that played an important role in the development of Western science, including alchemy, astrology, and natural philosophy. Incorporating the work of several 15th and 16th century thinkers, the seven-part series examines important ethical topics such as the desire for knowledge, the effects of prejudice, and the responsibility that comes with power.

This exhibition was developed and produced by the National Library of Medicine, National Institutes of Health and highlights the collections of the History of Medicine Division. It will be at our library from March 22 to May 1. There will be events for both youth and adults in March and April.

March 23—Quidditch Races and Origami. Elementary/Teen.

March 26—Kick Off Party and MOVIE: *H.P. and the Sorcerer's Stone*. Elementary/Teen.

March 30—Harry Potter 20 Questions and Exploding Frogs. Elementary/Teen.
